SNUFF INTERESTS COMBINE.

Consolidation of the Leading Manu-
 facturers in One Company.

New York, March 10.—The Journal
 of Commerce says:

The recent negotiations of the Amer-
 ican and Continental Tobacco com-
 panies to arrange for a consolidation of
 the leading snuff interests of the coun-
 try are said to have been practically
 completed and a new company will, it
 is stated, be organized to take over all
 the snuff business of both the Conti-
 nental Tobacco and American Tobacco
 companies, as well as the Atlantic Snuff
 company and the Helme Snuff company.

The formal transfer of the two last
 companies with the company is said to
 have already been made. The transfer
 of the snuff companies and the Ameri-
 can company is now being consumma-
 ted. The capital of the company is to
 be divided equally into preferred and
 common stock.

The new deal, it is said, will give the
 American and Continental Tobacco com-
 pany control of 95 per cent of the snuff
 output of the country. The American
 company owns the Baltimore Snuff
 company and the Continental owns the
 Lofland company.

The Atlantic Snuff company was cap-
 italized in 1898 at \$1,000,000 and it is
 understood that the price named for
 this company was \$6,500,000, while the
 Helme company is said to have asked
 \$2,500,000.

While it was practically admitted at
 the offices of the American and Conti-
 nental companies, yesterday, that the
 deal was under way, representatives of
 those companies declined to give out
 any details.

 matters of record.

No other organization playing at
 popular prices has a firmer hold
 upon theatre-goers, and Susie
 Kirwin and her singers are al-
 ways accorded most generous
 receptions everywhere.
